PROFESSIONAL SUMMARY

Full Stack Developer with 1+ years of production experience building and shipping real SaaS products used by real people. Core engineer on Xenbite — a live mobile marketplace on the Apple App Store and Google Play — architected entirely on AWS serverless (Lambda, DynamoDB, API Gateway, Cognito) with React Native, Node.js, and Stripe payment processing. Delivered production websites for international clients. Cybersecurity-trained engineer who applies OWASP Top 10, JWT, and OAuth 2.0 to every build. Ships 2–3× faster using AI-native tools (Cursor, Kiro, Claude) without compromising quality. Actively targeting senior Full Stack and Mobile Engineer roles in international remote teams.

WORK EXPERIENCE

AKHLAQ VENTURES LTD · FULL STACK DEVELOPER

Intern

Nov 2025 – Present | Remote

Xenbite — Live SaaS Mobile App (App Store & Google Play)

- Core engineer on Xenbite; own end-to-end feature development, AWS cloud infrastructure, and release pipelines for a production app with real users on iOS and Android.
- Shipped 5 major features: Marketplace, In-App Wallet, Referral Engine, Rewards Platform, and Promotional Campaign System — each designed, built, tested, and deployed solo, serving 500+ active users.
- Architected scalable AWS serverless backend: Lambda, API Gateway, DynamoDB (with GSI indexing), Cognito, S3, and IAM — zero dedicated servers, fully managed infrastructure.
- Integrated Stripe for real-money payments (wallet top-ups, order flow, payouts) with Stripe Webhooks for event-driven processing; FCM push notifications; Resend transactional email, processing live real-money transactions.
- Managed App Store and Google Play deployment pipelines: build signing, release tracks, version management, and compliance reviews.

FREELANCE FULL STACK DEVELOPER

May 2025 – Oct 2025 | Remote

- Built and launched aqsatech.ae — responsive, SEO-optimised website for a technical services company — using Next.js 14, Tailwind CSS, and Sanity CMS; delivered in under 6 weeks, vs typical 10–12 week industry timeline.
- Integrated Sanity CMS enabling client to self-manage content; site is live and generating inbound business leads for the international market.
